

November 2003 Newsletter

Welcome to our fifth monthly newsletter! We're still getting settled into the new building and busy getting several new products to market.

As the snow starts to fall here in Minnesota we're getting ready to hunker down and work on some winter projects. We hope to share details on the Jeep buildups and the guys working on them on our website throughout the winter.

Please take a minute to look over the newsletter and feel free to give us any feedback so we know what you'd like to see in future issues.

Online Store updates

We've been adding tons of new products to our online store in an effort to make shopping with us as easy as possible. In addition we've changed how you shop for air fittings to simplify the process of building a quality on board air system.

Click on the image to visit our store!

Don't forget to check out our constantly updated website!

www.offroadonly.com

Our AiROCKed rig of the month is Jerry Clark's Rubicon. Jerry's rig sports a 4" AiROCK™, our X-Line™ combo, 35" tires and much more.

Send your AiROCKed rig submission to info@offroadonly.com!

ORO announces V-Line™

As part of our continuing recovery gear development, we are now offering V-Line™ synthetic winch rope for ATVs. V-Line™ is totally different than X-Line™ to meet the demands of the ATV industry. It comes in 50' lengths and is 1/4" in diameter. We will also be offering aluminum fairleads for V-Line™ shortly.

Off Road Only has moved!

Off Road Only
1441 Iglehart Ave.
St. Paul, MN 55104
USA

Tel: 651-644-2323
Fax: 651-644-2626

(The above address is our headquarters and not a showroom)

Now taking preorders!

We are now taking preorders on RockLOX™ wheels. They can be ordered on our web store and over the phone. Purchasing a set of RockLOX™ before December 1st of this year saves you \$50.00 per wheel.

We've resumed our lighting development and LightBlades™ are now available on our online store. Look for additional LED Lighting products soon!
