

October 2003 Newsletter

Welcome to our forth monthly newsletter! This month's letter is a little late because we've been so busy getting settled into our new building. We hope everyone got a great summer of wheeling in and that you're ready to start on some winter projects!

Off Road Only recently participated in the first annual Jeep Jamboree in Minnesota and had a great time as tail gunners for the weekend. We look forward to next year's Jamboree which promises to be even better!

Please take a minute to look over the newsletter and feel free to give us any feedback so we know what you'd like to see in future issues.

### AiROCK™ Update

As mentioned in previous newsletters, there is new AiROCK™ software on the way. Current AiROCK™ users should keep an eye out for an e-mail explaining the update process. We will also be adding extended warranty plan details to the site.

Don't forget to visit our web site and online store!

[www.offroadonly.com](http://www.offroadonly.com)

Our AiROCKed rig of the month is Richard Scott's Rubicon. Richard has already added a Long Arm kit, 6" AiROCK, 37" SSRs and much more and she looks and performs awesome!

Send your submission to [info@offroadonly.com](mailto:info@offroadonly.com)!

### More OBA solutions!

We've recently added some new on board air products to our store. Two products the AiROCK™ users will appreciate are a manual and an **automatic oil return** setup. Both help return oil from the oil filter to the air compressor with ease!

(manual oil return kit shown)

Check out our online store, or ask a representative for details.

### Off Road Only has moved!

Off Road Only  
1441 Iglehart Ave.  
St. Paul, MN 55104  
USA

Tel: 651-644-2323  
Fax: 651-644-2626

(The above address is our headquarters and not a showroom)

### Get ready for RockLOX™

We are happy to announce that RockLOX™ are almost here! We will be adding detailed information to the website on October 15, and plan on beginning the preorder process before the end of the month.

We plan on offering a substantial discount on preordered RockLOX™.

Be sure to keep an eye out on the site for details on availability and pricing so that you're one of the first to have a set of RockLOX™ on your rig!
